Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Tuesday 11 May 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Remaining changeable with showers or rain. Temperatures still below normal.

Today:
A cool but dry, rather sunny start to Tuesday. Some showers will develop during the morning, these becoming locally heavy and perhaps thundery in the afternoon, especially over the hills. Remainin largely dry along coastal areas though. Maximum temperature 16 deg C (61 deg F).

Tonight:
Showers becoming confined to the western hills, where rather cloudy, but becoming dry and largely clear elsewhere. Some light winds, turning rather chilly at dawn. Minimum temperature 4 deg C (39 deg F).

Wednesday:
Another day of sunny spells and showers, these slow-moving and occasionally heavy during the afternoon. Feeling pleasant in any spells of sunshine. Showers dying away during the evening. Maximum temperature 15 deg C (59 deg F).

Outlook for Thursday to Saturday:
Band of heavy rain slowly moving northwards on Thursday. Brightening up after a damp and murky start on Friday, some afternoon showers. Heavy showers on Saturday. Temperatures below normal.
